

## Classroom Agreements Contract

I agree to abide by and uphold the following classroom agreements that were developed by the students of Room 15 on September 1<sup>st</sup> and 2<sup>nd</sup> of the 2009-2010 school year:

**Be kind to others.**

**Be generous.**

**Be responsible.**

**Be respectful.**

I understand that if I need further guidance and/or practice with the aforementioned agreements, I will incur a logical consequence that helps me to modify my behavior. Such logical consequences will be **related** to the behavior, **respectful** of others and myself, and **reasonable** in request. Consequences may include the following options:

*Misuse it and lose it*

*You break it, you fix it*

*Guided practice during break times*

*Time out from the group*

*Guided discussions with affected parties*

My signature and the signature of my parents below indicate that I agree to the terms and conditions of this contract, and that I have discussed this contract with my parents. I understand that if I need to refer to this contract in the future, a copy can be found on the Room 15 website at <http://room15pv.wordpress.com>.
